

I Follow The Moon

STANDARD Tuning

(Music & Lyrics by Malukah)

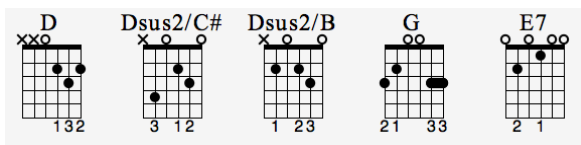

Message from Malu: Hey guys! I originally recorded this song in DADGAD tuning. You can find those chords on my site (<http://www.malukah.com/chords-lyrics/>). I wanted to make a Standard tuning version of it, in case you want to avoid the hassle of retuning.

VERSE 1

G **Bm** **D**
 Every night I sit and stare at the sky
A **Bm**
 Remembering my day
F#m **G** **F#m** **G**
 Thinking of tomorrow
G **Bm** **D**
 Looking back at all the things that I tried
A **Bm**
 All I would change
F#m **Em** **A**
 And what I would keep the same

CHORUS

D **Dsus2/C#** **Dsus2/B**
 It seems that my life follows the moon
G **D**
 At times it's half empty and sometimes it's full
Dsus/C# **Dsus2/B**
 Spinning around through darkness and light
E7 **G**
 Falling so low and rising so high

INSTRUMENTAL

G Bm D A Bm F#m G F#m

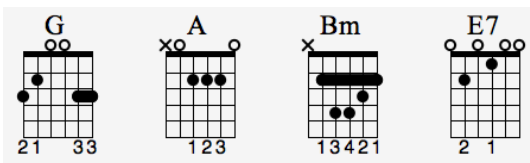

VERSE 2

G Bm D
From afar the moon is perfect and bright
A Bm
The surface so smooth
F#m G F#m G
And that's how I'm supposed to look
G Bm D
But I'm tired of using distance to hide
A Bm
The scars and shadows of my heart
F#m E7 A
Cause they make me who I am

CHORUS

D Dsus2/C# Dsus2/B
It seems that my life follows the moon
G D
At times it's half empty and sometimes it's full
Dsus/C# Dsus/B
Spinning around through darkness and light
E7 G
Falling so low and rising so high

BRIDGE

G A Bm
When I feel strong, I chase the days
A G
Dancing in circles through phase after phase
A E7 G
And when I feel lost, I try to remember that I...
