

# Homesick Insomniac

From the album All of the Above

Music & Lyrics by Judith de los Santos (Malukah)

G D A Asus4 A

I lay awake alone

G D A Asus4 A

Just let yourself in 'cause my door is always open for you

G D A Asus4 A

Keep me warm while the night takes over the sky

G D A Asus4 A

And patiently wait for the sun to rise

G D A Asus4 A

'Cause I'm so afraid to sleep

G D A Asus4 A

I'm so afraid to sleep alone

G D A Asus4 A

Why haven't you come? Why aren't you here?

G D A Asus4 A

I need you so much it hurts to breathe

G D A Asus4 A

I lay awake alone

G D A Asus4 A

Blindly calling out for comfort to come help me get along alone

G D A Asus4 A

'Cause I'm so afraid to sleep

G D A Asus4 A

Without you laying next to me

Em G D A  
And each time I turn I shed a tear

Em G D A  
Wish my bed would hug me just the way you hug me dear

Em G D A  
It's no use trying to replace

Em G D A  
Your sweet caressing essence or your tender embrace

Em                    G        D            A  
And each time I turn I curse my bed

Em                    G                    D                    A  
I worry that I'll never ever see the sun again

Em                    G                    D                    A  
Night's too long, you're too far away

Em            D/F#                    G        D        A  
Now I'll just have to lay awake alone

G        D        A  
G        D

A    Asus4            A  
Damn sun why won't you rise?

    G        D            A        Asus4        A  
'Cause I'm so afraid to sleep

    G        D            A        Asus4        A  
Without you protecting me

    G        D            A        Asus4        A  
And I feel so out of place

    G                    D                    A                    Asus4        A  
Surrendering to sleep below to somebody else
